

Security Alarm App

1. Do I pay for a Wolf-Guard app?

All available Wolf-Guard apps are free to download (App Store or Google Play). The complete functionality is free.

2. What can I do with a Wolf-Guard app?

With Wolf-Guard apps you can control your alarm system from anywhere in the world. The apps are available in both App Store and Google Play. Wolf-Guard Wifi systems need the app to operate the system. Wolf-Guard GSM systems use the app in order to make it easier and sent less SMS messages.

3. What is the expected lifetime of the supplied batteries in the detector and door/window contact?

The lifetime of the batteries depends on the use. On average these will last one year. If the sensors are located in a place where the sensor often is triggered then this will affect battery life and will be less than the average battery lifetime.
